ENFORCEMENT ACTIONS IN PROGRESS

Common Road Blue Bell Hill

6. This is just outside your parish boundary in Burham and Aylesford.
7. Your longer serving members, may recall Barron Deschaeur who bought a field to the northeast of Common Road which is split by a footpath. The area to the southeast of the footpath is in Aylesford parish and to northwest is in Burham Parish. This land was split up into what was sold across the world as “building plots” although the chances of ever getting any planning permission with present planning laws is close to non-existent.
8. TMBC’s original reaction back in 2012 was to serve an Article 4 Direction on the whole field removing all permitted development rights. Nothing can be built and no change of use can take place on any part of the field without planning permission from TMBC.
9. Recently there have been some activity there with crude building materials being dumped and some spray-painting marking being made that has cause local concern.
10. There may also be attempts to sell plots of land though it is not clear if the sellers own the land. 0
11. This is now an active enforcement case.

TMBC ASB REDUCTION & PC INVOLVEMENT

12. We reported last month on the highly success work TMBC's ASB Team have done to reduce ASB by a third across the Borough. (See Parish Comparisons below)

13. As a result, TMBC won a National Silver Award for this work.
